Our Supply Chain

The relationship with all our suppliers has been established over a number of years and is built upon mutually beneficial factors, where we have close and personal links and contact with the directors, typically reflecting the fact that we partner with Small and medium sized operations in the main.

As and when we have new contractors or suppliers come on-board we prequalify any new Company through assessment and then continual assess and review their performance.

To date we haven't been made aware of any human trafficking/slavery activities within the supply chain but if any were highlighted to us then we would act immediately in accordance with our legal obligations.
