

BARRIER SERVICES LTD.

Fencing Contractors

DOCUMENTS: Quality Policy Statement

Policy Statement

It is the policy of Barrier Services Limited to ensure that throughout all aspects and all levels of the company's business, quality is of the highest standard.

The Company adopts the principles stated in BS EN ISO 9001:2015 and operates a quality management system (QMS) within its guidelines and those of the Sector Schemes for Quality Management in Highway Works - Scheme 2A (The Design and/or Supply, Installation and Repair of Fences), Scheme 10B (The Supply, Installation & Repair of Vehicle Restraint Systems, Scheme 2C (The Supply, Installation & Repair of Environmental Barriers) and 18A Management and Application for Arboricultural Activities of mechanical tree and vegetation removal.

Barrier Services Limited is committed to:

- a). *Adhere to all applicable policies and legislative guidance, and strive to meet or exceed industry standards, best practice and the expectations of interested parties in all areas.*
- b). *Maintain a "PDCA cycle (Plan, Do, Check, Act) Process Approach" to assessing and managing risks to achieve compliance to both customer and regulatory requirements.*
- c). *Embrace continual review procedures in order to ensure the suitability of the system on an ongoing basis and to monitor and continually improve its effectiveness in achieving the overall goal of the highest possible standards.*
- d). *Business Leadership ensuring that working practices meet the requirements of the standard and that sufficient resources are available and maintained for the successful and meaningful implementation of this policy.*
- e). *The provision of such information, instruction, training and supervision as is necessary to ensure the health and safety at work of employees.*
- f). *Continually improve performance and risk management to ensure that best practises are implemented.*
- g). *Identify objectives that are both consistent with this policy and which can be monitored and measured to ensure their continued suitability and provide a framework for continual improvement.*
- h). *Review this policy after changes in Company structure, in the light of additional knowledge or information becoming available and in any event annually.*
